REDWOOD WOMAN'S CLUB WILL GIVE MAY FESTIVAL

The annual May Festival will be held by the Redwood City' Woman's Club on the 10th and 11th of May at the clubhouse in Dingee Park. A tent fifty feet by one hundred will be pitched and used to contain the booths and tea garden, while the clubhouse and stage will be used for dancing and vaudeville. The entertainment committee under the chairmanship of Mrs. A. M. Porter is preparing many interesting numbers. The Bob-Allen Minstrels of San Francisco, the San Mateo Elks, the choral section of the club, and a number of specialties will afford interesting entertainment. Dancing will also be indulged in.

The floral parade which will take place on Saturday afternoon will form in town and march out Broadway to the clubhouse in the park. The children will vie with each other in having the most original costumes and tastefully decoroated doll buggies, roller coasters or bicycles, The little king and queen will lead the parade. There will be prizes for the best individual display and also for groups. These prizes will be on display in the window of Marcus' dry goods store on Broadway. Entries will be made with Miss Gertrude Beeger. A beautiful large doll has been dressed by the teachers of the grammar school and will be one of the prizes which will make the little ones' hearts beat high.

The chairmen of the different committees are: Floral parade, Mrs. Geo. A. Merrill; entertainment, Mrs. A. M. Porter; dancing, Mrs. G. B. Yount; domestic booth, Mrs. A. W. Collins; fancy work booth, Mrs. H. C. Finkler; candy booth, Mrs. Timothy Guy Phelps; lunch counter, Mrs. John J. Read; country store, Mrs. Philip Holden; art gallery, Mrs. Earl Baird; fish pond, Mrs. J. J. Ludke Jr.; flowers, Mrs. F. M. Lorenz.

Fred Durham of this city was married in San Francisco last Wednesday to Miss Carson. an estimable young lady of San Mateo. The couple will reside in this city, Mr. Durham being employed by the Gray-Thorning Lumber Company.

CHORAL SOCIETY OUT OF DEBT AND THANKFUL

After the excellent support given it by the public, in its last entertainment and dance, the Redwood City Choral Society feels that it should make a public report of the results obtained. In the production of "A Nautical Knot" last January the receipts were about one hundred dollars less than the expenditures. This was finally, by the regular membership dues, cut down to a little over twenty-three dollars. The Easter mass, given at the Catholic Church, added another twenty dollars, the cost of the last production was fifty-five dollars, making a total of niney-eight dollars. The receipts from tickets sold amounted to one hundred and four dollars, leaving a balance of six dollars. Not a large amount but many times better than a bunch of debts. The society wishes to express its appreciation, not only for the support given it financially, but for the interest shown by the general public in the standing of the society.

ESTATE OF WEALTHY MERCHANT IS ATTACHED.

The Woodside estate of J. A. Folger, the wealthy San Francisco spice merchant, which comprises 1,500 acres of highly cultivated land on the mountain west of Woodside, was attached by Sheriff Mansfield Saturday on a writ issued by a Superior Court in San Francisco. The attachment is to secure a judgment of $49,708.31 and $160 costs in favor of M. Girard. The Folger estate is valued at $500,000 and is one of the largest and most beautiful country places on the peninsula.

Sequoia Again a Winner.

Last Saturday night Sequoia Union High school was again victorious in her debates. The home team, Irene Dickey and Ray Griffin, won over the visiting Palo Alto team 94.16 points to 92.50. The team that went to Palo Alto found that none of the judges had put in an appearance and it was suggested that the teams come back to Redwood and make use of the judges who had served for the first debate. As the result of the two debates the points were, Palo Alto 91.43 and Redwood 91.40. Adding the two scores together gives Redwood 186.56 to Palo Alto's 183.93. It is one of the rules of the Santa Clara Valley Debating League that the winner of the debate is to have ten points added to his score, so both of these should be raised by ten, making the total stand 196.56 for Redwood and 193.93 for Palo Alto.

Eat Raisins.

April 30th is annual raisin day. On that day everybody on earth is expected to eat raisins in some form and there are a hundred palatable ways of preparing them. San Mateo county does not produce raisins but they are one of California's big products and we must encourage those who do produce them.

TIRED RUN-DOWN PEOPLE

A North Carolina Man Suggests a Remedy

Greensboro, N. C.—"For a long time I was so run down and debilitated that I could hardly drag around. My appetite was poor and I could not sleep nights. I had tried different so-called tonics without benefit. I was advised to try your cod liver and iron tonic. Vinol, and I am so glad I did, for it gave me a hearty appetite, I soon commenced to sleep soundly, and I feel strong, well and more active than I have for years. Every run-down or debilitated person should just give Vinol a trial." K. Allsbrook.

What Vinol did for Mr. Allsbrook it will do for every weak, run-down or debilitated person in this vicinity. To show our faith we will furnish the medicine free if it does not do as we claim. Come in and get a bottle on these terms.

BOOSTING IDEAS
BY THE
DEVELOPMENT ASSOCIATION
SEND US YOURS
"FOR THE COUNTY'S GOOD."

A contemporary asks: "Why does La Follette come to California" We answer: "To play a man's part—to meet, face to face (if he can) those who so cowardly and shamefully deserted him, and to damn their treachery without winking—S. F. Star.

When asked, four years ago, if he would be a candidate for renomination, Mr. Roosevelt said: "The wise custom which limits the presidency to two terms regards the substance and not the form, and under no circumstances will I be a candidate or accept another nomination."

Organized labor through California, and especially in San Francisco, is strongly in favor of President Taft. Workingmen realize that the President has been a strong and consistent friend both of that city and the State, and they are not apt to turn their backs on their benefactor.

The United Mineworker's Journal, generally recognized as the leading representative of the sentiment of organized labor, is lending its hearty support to the candidacy of President Taft: Discussing the stand of Roosevelt toward labor, it says: "We predict that Roosevelt will be repulsed by the honest citizenship and he deserves it, if for nothing else than his characterization of American workingmen as "undersiable citizens."

A NOTABLE VICTORY

The vicory of President Taft in New Hampshire is a particularly notable one, when it is called to mind that the President and his supporters were compelled to fight against heavy odds in that state. Governor Bass was one of the "war governors" who appealed to Colonel Roosevelt to "shy his hat into the ring" for the third time and he had much at stake. In the campaign for delegates the President and his friends were compelled to fight the entire state administration, and the result can be taken as nothing less than a complete repudiation of Governor Bass and his chief, the Colonel.

FALSE ESTIMATE REBUKED

The idea that the people of this country can be stampeded in their affairs by theatrical applause and historical hero worship bids fair to receive such an emphatic rebuke at the hands of the Republican party that the foolishness will be for ever driven from the politics of the country. And it is well for the stability of our most cherished institutions that it should. Carying on the business of the Government of the United States is a serious business, calling for deliberate thought and wise action.

As all men are mortal and may err, the view that any is indispensible is manifestly wrong. Any man who conceives that he alone is capable to direct, and who himself is the loudest and most insistent on this point, travels a road of dangerous ambition, and one that in no case can lead to good government.

When Colonel Roosevelt returned from his much heralded trip to Africa, he jumped at once into politics in New York and forced his direction of the campaign upon the Republican party of the state. The result was the election of a Democratic governor and legislature. It has been many years since the Republicans of the greatest state in the Union met with such a severe reverse, and they were not slow to heed the lesson. In the New York presidential primary, the Colonel was overwhelmingly defeated in a campaign in which he was his own general and sole advisor.

As a matter of course, he insists that the smashing majority against him was fraudulent. Itt is a pity he is unable to grasp the fact that the country is not on fire for him, nor in sympathy with his extrarodrinary diversity of personal theories, any more than it is willing to trust all to his judgment.

INTERESTING NOTES OF FAR AWAY NORTH LANDS.

We have been permitted to make the following interesting extracts from a letter recently received by County Superintendent of Schools Roy W. Cloud from J. C. Lowe, a former resident of Menlo Park, but now seemingly engaged in multifarious occupations in far away Alaska. The letter is dated from Ugashik, Alaska, January 27, and after acknowledging the receipt of a letter which was six months in transit he continues:

This leaves me ensconsed down on the peninsula where the honk-honk of the wild goose is as noisome as ye auto on Market, where the ptmarigan lights on door steps with impunity, the "wild fox" digs his hole unscared and few evidences of effeete civilization intrude themselves to mar the humble simplicity of the primitive; teaching school, looking after a reindeer herd and keeping bachelor's hall by my lonesome.

I have a very nice school here, with an enrollment of thirty-four. I find the work both entertaining and pleasant. These children have strong perceptive and retentive faculties, but weak conceptive and reasoning power. They take great delight in drawing and are more apt inthis branch, as a rule, than white children. They are also very proficient in penmanship.

I spent two weeks in August in our reindeer camp, which was then located on a short, narrow, swift-flowing stream connecting two lakes. This stream was literally red with salmon is silver colored in salt water, but chamelion-like becomes a bright red in fresh water. The stream also abounds with fine trout, while ptmarigan were tame and numerous. Here I studied the reindeer business, fished, hunted, breathed ozone wafted from snow capped peaks of the Aleutia range, and so lived close to old mother nature.

I was gone several weeks this winter moving our reindeer herd southward to better feeding grounds, and the region we traveled seemed to be a part of the earth the Creator started to create, but forgot to finish. It consisted of marshy tracts and tundare, dotted everywhere with lakes, ponds and pools. There would be miles at a stretch where we could not find enough brush to make a fire for a cup of Java. Occasionally we saw a red fox of a land otter, but with these exceptions we were the sole occupants of this drary waste.

Please accept my snicere thanks for the periodicals and books sent me. They sure bring glad tidings to a pedagogue in this inhospitable land beyond the pales of civilization.

COUNCIL WILL CONSIDER STREET IMPROVEMENTS.

The adjourned session of the city council next Monday evening will be devoted alrgely to the consideration of the problem of street improvement, especially with reference to the County road and that section of the city commonly known as District 17. As it is important that there should be no unnecessary delay in either of these sections, it is probable that some definite action will be decided upon at this meeting.

In order that the wishes of the people interested may be considered, it is important that there should be a goodly representation of the property owners of property which will be assessed for a considerable portion of the expense. From the County road, both the character of work and the means of meeting the cost are to be considered. In District 17, the character of the improvement seems to have been practically determined, the only question at issue being the method of doing the work. While many advocate the private contract plan as the most expedicious and economical, others desire that the work should be done under the provisions of the public street improvement law, as affording the most convenient means of payment. These are questions that will be fully aired at the meeting.

A wealthy syndicate has bonded about six thousand acres of land surrounding and including the water front of Redwood City and it is proposed to reclaim the property and construct an inland harbor and establish factory sites Congress will be asked for an appropriation to widen and deepen Redwood creek from its mouth to the bay channel which has a depth of 30 feet and capable of admitting the largest ships afloat to the stream. The supervisors met in special session Thursday and adopted the following resolution. A similar one was adopted and ordered forwarded to Congressman Hayes at Washington.

And, whereas, this board is also informed that the actual work of construction upon this inland harbor is about to be commenced in accordance with a general plan this day submitted to thise board;

And, whereas, this board is satisfied that such an inland harbor with the appurtenant terminal facilities and factory sites, will tend in a great degree to enhance the prosperity and business activity not alone of San Mateo county, but of the State at large;

And, whereas, this baord is further satisfied that natural advantages of the district herein described are such as to render the creation and construction of such an inland harbor, together with its terminal and factoryw sites, reasonable, feasible and practicable;

And, whereas, this board, as the representative body of this county, is desirous of seeing the creation of such an inland harbor and its terminal facilities commenced and carried to completion within as short a period of time as is commensurate with the magnitude of the work;

Now, therefore, be it resolved: That this board hereby approves of the creation and construction of such an inland harbor, together with all possible terminal facilities, within the distrct herein described, and hereby endorses the said work as being necessary to the increasing commercial growth of the entire Peninsula, as being feasible in its conception, as being practicable in its general plan, as being fortunate in the possession of unusual advantages of location, as regards both land and water, and as being the greatest benefit to the county and State at large.

Mr. Smith, one of the witnesses to the will,testified that the will was not signed by Mrs. Grimmenstein, and that the instrument was signed by the witnesses in the kitchen. That he went to the bedroom of Mrs. Grimmenstein, and tried to arouse her by talking loudly, but the woman appeared to be unconscious. He then went back to the room where August Grimmenstein and a man by the name of Nolan, another witness to the will, were, and there the instrument was signed. On cross-examination he admitted that he remained in the house from half past seven until 11 o'clock at night, and that during all that time he visited the bedroom of Mrs. Grimmenstein but once, and that time at the request of one of the children to ascertain if Mrs. Grimmenstein had regained consciousness. An effort was made on cross-examination to have him admit that he had made contrary statements at other times but the witness could not recall them, but was of the opinion that he had never made any contrary statements. Other witnesses will be called next Monday, and the matter is likely to go before the jury on Monday night. The value of the estate is about $5000.

Assessor's Instructions
To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where his property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No charge can be made by the Assessor after he turnes over his books to the Board of Supervisors on the first Monday in July. The Board then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expenses.

It is much more satisfactory to the Assessor as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
3-2 Assessor San Mateo County
